OUR CUSTOMER :
Holy Cross College, Ryde

Holy Cross College is a prestigious, Catholic secondary school for boys located in Ryde.

> The works look amazing and all feedback from the staff was positive and everyone loves it.

Renita Gibson
Business Manager
Holy Cross College

Project Description

Holy Cross College embarked on a transformative journey to infuse life and character to the current look of the school. The existing colour scheme had grown dull over time, prompting the need for a refreshing change.

The decision to use Dulux Monument for the revamp brought a refreshing and bold look to Holy Cross College. The new colour has brought life into the previously dull environment.

Outcome

The large-scale colour change was completed swiftly and within the school holiday period, ready for the returning students the following semester.

Due to our large directly employed workforce, Programmed is able to complete large projects in short periods.

Since July 2023, the team has consistently returned to maintain the vibrant atmosphere.

Unpainted areas received special attention, ensuring longevity and preserving the overall aesthetic. The use of high-quality Dulux premium products guaranteed durability and a professional finish.
